New Jersey District
Key Club International

Introduction Letter

Hello New Jersey District,

My name is Sarah Jacob and it is with great pleasure and excitement that I introduce myself as your new District Editor! I anticipate an amazing and fulfilling 2019-2020 service year. I also look forward to serving my District and making lasting memories of helping our home, school and community. I'm eager to begin working together to actively involve ourselves in the continuing district project, Hunger in New Jersey, and increase promotion of all service projects. I anticipate serving you all in a passionate year of service. But before I begin to introduce my plans and goals for this upcoming service year, I would like to share who I am and my involvement with Key Club prior to becoming District Editor.

I am currently a sophomore at Brick Memorial High School in Brick, New Jersey. I had heard about Key Club in middle school, but I couldn't fathom how large and impactful the organization really was. I first became involved in Key Club early in the school year of freshman year, and was drawn to the energy that was displayed in the meetings and events. I was inspired by the executive board members, who were all amazing examples of leaders. They all had the same mindset as me; they wanted to make a positive impact on our society and community. I knew from early on that I wanted to dedicate all my free time to Key Club. I attended almost every event, incorporated them into my demanding schedule, and never hesitated to be involved. Key Club offers amazing opportunities to selflessly give back to the community. The volunteer work was more than rewarding, it was inspirational.

I was encouraged and supported in running for Lieutenant Governor of Division 8! Thankfully so, because without this organization, I wouldn't know my purpose. Throughout my term, I strengthened relations with my division, Division 8, and put my all into my position. At District Convention 2019, I ran for the office of District Editor, and was elected. Now, I have the honor of serving you all.

Besides my involvement in Key Club, I am also involved in other school-related activities. I am a member of our school's Math Team and Student Government Association. I am the Vice President of the TSA (Technology Student Association) Club and part of the Academic Challenge Team. I have

also been a part of the Field Hockey team for two years. I am a student in the STEM Academy, which is a new, advanced program at our school where students follow a strict STEM-based schedule throughout high school. However, even with all these extracurriculars, Key Club and my academics always remain a priority. When I have any free time, I like hanging out with my friends, drawing, painting, reading, writing, and enjoying the outdoors.

I look forward to serving you all as District Editor and for an amazing, successful service year! My responsibility is making sure you have all the resources you need to run a successful Key Club. I plan to utilize the platform that I spoke to you all about at District Convention to go above and beyond my role as District Editor. They are as follows:

- ❖ Social media involvement and engagement
- ❖ Active communication with my board and District
- ❖ Read all newsletters and provide advice
- ❖ Always serving others to the best of my ability
- ❖ Helping Club Editors directly with any and all problems

I am very excited for this new service year and can't wait for our work to begin! Thank you to everyone who has supported me in this journey and for the amazing organization that has given me so many incredible opportunities I would have never thought possible. You are welcome to contact me for any reason at all. Feel free to text and/or call me (732-900-7152) and/or email me (ltg8.jacob@njkeyclub.org). Have a splendiferous day!

Yours in Caring and Service,

Sarah Jacob

2019-2020 District Editor

New Jersey District of Key Club International
